

1A. Continuum of Care (CoC) Identification

Instructions:

For guidance on completing the CoC Priority listing, please reference the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide on HUD's website.
https://www.hud.gov/program_offices/comm_planning/coc/competition.

Collaborative Applicant Name: Chautauqua Opportunities, Inc.

2. Reallocation

Instructions:

For guidance on completing the CoC Priority listing, please reference the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide on HUD's website.
https://www.hud.gov/program_offices/comm_planning/coc/competition

2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2025 into one or more new projects? No

Continuum of Care (CoC) New Project Listing

Instructions:

Prior to starting the New Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD’s website.

To upload all new project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of new projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the New Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make the necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps. https://www.hud.gov/program_offices/comm_planning/coc/competition.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC’s Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is prioritizing.

Federal Program: HUD Continuum of Care

Address of Housing Activity: Chautauqua County, NY

1. Shelter Plus Care Project (Dunkirk Housing Authority/Southern Tier Environments for Living) \$90,600

Southern Tier Environments for Living, Inc.'s Shelter Plus Care program serves 15 scattered-site units for homeless persons and families who have a history of severe and persistent mental illness. Many have histories that include substance use disorders, legal involvement, frequent inpatient hospitalizations and emergency room visits, and unstable living situations. The program assures that consumers' emergency needs are met (i.e. food, clothing, shelter, advocacy), and medication support, financial management, and transportation options are made readily available. The multiple challenges of these consumers are addressed through individualized support plans which help participants attain self-sufficiency. Plans may include services to gain independence in areas such as shopping, attending treatment appointments, medication management, daily living skills, financial management, obtaining employment and accessing affordable transportation. Program staff coordinates community linkages to be utilized by the consumers to maintain psychiatric stability, reduce substance abuse, increase self-sufficiency and maintain housing. Program staff provides immediate response to psychiatric and behavioral emergencies, assisting the consumers in securing the appropriate level of intervention.

Homeless persons and families are identified for housing supports using Chautauqua County's Coordinated Entry process (VI-SPDAT) which identifies those who have the highest risk and vulnerability. Referrals are received from Homeless Services programs including: emergency shelters, emergency housing programs, various mental health service providers, inpatient psychiatric units and government and community service agencies. In addition, a "Single Point of Access" (SPOA), is utilized to link consumers with case management, housing and other critical supports. SPOA ensures that referred consumers are matched to the appropriate level of service based on need. The Shelter Plus Care program expects realized outcomes in skill development and greater self-sufficiency, as well as reduced hospitalizations and homelessness. Long-term stabilization of housing is the program's priority outcome.

2. Shelter Plus Care Project EXPANSION (Dunkirk Housing Authority/Southern Tier Environments for Living) \$109,750

Through the use of CoC Bonus dollars, Southern Tier Environments for Living, Inc. (STEL) is requesting to serve an additional 10 scattered-site units through its Shelter Plus Care Expansion program. This Expansion Program is a permanent supportive housing (PSH) project where 100% of the beds are dedicated to serve individuals experiencing mental health issues and families in which one adult or child has a MH issue and are experiencing chronic homelessness. These units will be added to our current PSH program which has 15 scattered-site units for individuals and families experiencing homelessness and who have a history of serious mental illness. STEL will partner with Chautauqua Opportunities, Inc. who is committed to providing at least three Section 8 Housing Choice Vouchers to consumers within this program. These vouchers will allow consumers to obtain greater housing independence. STEL will also partner with UPMC Chautauqua who commits to providing individual, group and peer services for those consumers in our program who are eligible and interested in receiving outpatient chemical dependency services. Partnering with this housing provider and healthcare organization for services will improve overall independence and health for our consumers.

3. Domestic Violence Project (The Salvation Army) \$85,705

The Salvation Army is applying to renew this project to support services for domestic violence victims. The Salvation Army's Anew Center is made up of a DV Shelter, Non-Residential Domestic Violence Program, Children and Family Outreach Program, and a Prevention Education Program. The 13-bed shelter is a secure, monitored facility that is accessible 24 hours a day, 7 days a week. The program can accommodate sexual assault or trafficking victims when there is a component domestic abuse reported by the victim. Services include family in-home intervention, group counseling, and domestic violence education classes. Services are designed to build on existing family strengths that will increase protective factors, decrease risk factors, reduce the likelihood of future abuse, and support resiliency, assisting in keeping families safe in the current home or helping to support the move out of shelter to a dwelling away from the perpetrator. Services are aligned with trauma-informed standards. CoC funding will partially support the positions of Case Manager, Crisis and Services Advocate, and Family Resources Specialist, as well as assistance with moving costs and utilities.

4. Chautauqua Rapid Rehousing (Chautauqua Opportunities, Inc.) \$104,636

Chautauqua Opportunities, Inc. is applying to renew this project. COI will provide rapid rehousing services to 6 households. The target population will be homeless individuals and families, including some that are expected to contain subpopulations of chronically homeless and/or substance abusers. Services will focus on helping the customer with finding and retaining permanent housing, including locating a rental unit, conducting inspections to ensure that Housing Quality Standards are met, rental assistance, and case management. Rental assistance will be provided for up to six months per household in scattered site units. Once the housing emergency is stabilized, a Family Development Plan that includes a Housing Action Plan will be developed that will target identified barriers to self-sufficiency and contain action steps and a time frame for completion. Case management will focus on supportive services that will assist the household with obtaining and retaining permanent housing. The program is needed because the need for services is greater than available resources. Because of a lack of permanent supportive housing, rapid rehousing in scattered site units is the best option for addressing the need.

5. Dedicated HMIS – Homeless Management Information System Project (Chautauqua Opportunities, Inc.) \$30,000

Chautauqua Opportunities, Inc. is the lead agency for the Homeless Management Information System (HMIS) project and is requesting renewal funds to maintain the system. The purpose of the HMIS is to obtain an accurate count and demographic information about the county's homeless population by collecting data from all homeless providers into one system. Recipients of Continuum of Care federal homeless funds as well as ESG funds (in New York these are NYSHHP, ESG and STEHP grants provided through OTDA) are required to enter data into the system. Chautauqua County utilizes WellSky HMIS software. It is a web-based software system designed to meet HUD's technical requirements for data and information security and integrity. Costs include annual WellSky license renewal costs, including one license for each Homeless Coalition member agency. Costs also include staff time for administering the HMIS system, providing training to new users, data quality checks, and reporting to service providers, the CoC and HUD.

6. YWCA Jamestown Transitional Housing (YWCA of Jamestown) \$157,456

YWCA Jamestown proposes a new Joint TH and PH-RRH CoC DV Bonus project that will: Add 3 transitional housing units with 6 beds in a home that will serve up to 3 women and 3 children; Provide trauma-informed supportive housing services, in accordance with National Network to End Domestic Violence best practices, to include case management, safety planning, permanent housing plans, optional individual and group activities and skill building workshops, and transportation assistance to secure permanent housing; provide Rapid rehousing for at least 6 women and 6 children with rental assistance for at least 5 one-bedroom units and 1 two-bedroom unit, utility deposits, moving costs, and supportive services for up to 12 months.

7. CoC Planning Project (Chautauqua Opportunities, Inc.) \$62,882

Chautauqua Opportunities, Inc., as the Collaborative Applicant for the CoC, is applying for a Planning Grant to support coordination, monitoring, and developing activities of the CoC, including ongoing evaluation and expansion of the coordinated entry system; evaluation of CoC programs' performance measures and technical assistance to help them improve quality; facilitating trainings to the CoC membership; and monitoring and evaluation of CoC funded programs to ensure compliance.

Certification: The projects described herein are consistent with the **New York State Consolidated Plan Federal Fiscal Years 2021-2025**. The projects are within New York State and target homeless individuals, a priority population. Numbers of homeless individuals and families in Chautauqua County are included in the aggregate numbers of homeless in rural areas as listed on page 73. Project applications are consistent with the Homelessness Strategy detailed on pages 182-184 that includes assessing the needs of homeless persons, addressing the emergency and transitional needs of the homeless, and helping homeless individuals and families transition to permanent housing. Three project applications are targeted to populations that are identified as having priority needs (mentally ill and DV victims). See also the discussion of HMIS on pages 9-10.

The applicants, application and projects will affirmatively further fair housing.
